I. Call to Order: The meeting was called to order at 6:10 p.m., in the Library Classroom of Hubbard Elementary School.

II. School-Based Health Program

Dr. McGurk provided an update of the status of the proposal to begin working with the School-Based Health Program. Superintendent Brian Benigni and Director of Special Education Linda Holian visited the Clinton Public Schools to meet with administrators who oversee the implementation of the program in that school district. Several concerns were shared, including the lack of family counseling. At this time, the Berlin administration recommends investigating other alternatives to provide additional counseling support services at the middle school.

III. Adjournment: The meeting was adjourned at 6:29 p.m.

Respectfully submitted,

Erin K. McGurk, Ed.D.
Assistant Superintendent for Curriculum and Instruction
