

# What's a Makerspace?

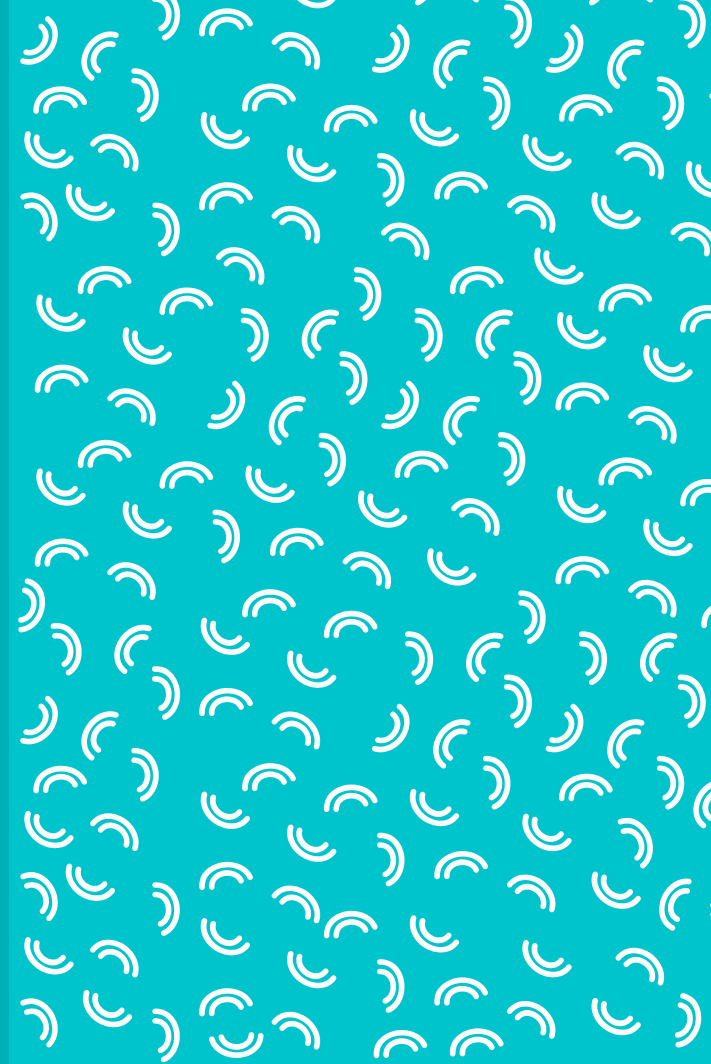

A place where people can come together to use, and learn to use materials as well as develop creative projects. Makerspaces promote learning through experimenting and having fun.

## Makerspace Manners

1. Be respectful to staff and all using the Makerspace
2. Refrain from destructive behavior
3. Have a positive attitude and an open mind. Negative or intolerant attitudes will not be tolerated.
4. Be safe
5. Keep it clean

What will you create?
