TANGY TUESDAY PUZZLE PACK

Fun brain puzzles that make you smarter!

The collage features several math puzzles:

- Numskill™**: A grid-based addition puzzle with instructions: "In each box, look for ADDITION".
- NumTanga™**: A number recognition puzzle titled "NUMBERS TO 20". It includes boxes for the number 6 (with a hand icon), 7 (with a hand icon), 15 (with a hand icon), and 3 (with a hand icon). Each box contains a ten-frame and the word for the number.
- DigiCross™**: A crossword puzzle for 3rd grade. The grid contains words like "greater", "width", "rhombus", "perimeter", "ninety", "area", "twelve", "sixty", "tens", and "thirds". It includes "ACROSS" and "DOWN" clues.
- Takooma®**: A math puzzle titled "3 PLUS" with instructions: "Puzzled? In each 5-number pentagon, find the number that is the sum of the other four numbers. Create 1 final puzzle and solve." It includes a grid with numbers and a list of operations: +24, -27, +16, +4, +47, +9, -67, 13, -23.

1.1.10

Puzzled? In each 4-number square, find the number that is the sum of 2 other numbers. Use all 4 sums to create 1 final puzzle and solve.

Final
answer:

Fill in the empty boxes to make every horizontal and vertical equation correct. Use the correct order of operations and read left to right and top to bottom. Use every number in the number bank once.
